

National Park Visit

My family of four adults wants to visit a National Park. We will need transportation (we will drive up to 12 hours), lodging, meals, and activities for a 3-day visit. In your presentation you will need to have 2 options for somewhere to stay for 3 nights in 2 rooms. We need 3 meals a day. (Some hotels offer free breakfast, which can save us some money.) If we are flying we will need to rent a car. What activities can we do near the Park and will they cost anything? Include photos to illustrate your information.
